## Safe & Convenient BLS CPR Recertification

Renew your BLS certification by completing an American Heart Association (AHA) BLS eLearning component online, then demonstrating your skills to a live CPR instructor via a 2-way audio/video session (like zoom or facetime) on manikins that we send to your location.

This AHA eLearning component lets you learn at your own pace, at a time most convenient. The remote aspect of the hands-on skills training lets you demonstrate skills in a safe and convenient manner on CPR manikins that were delivered to your door.

After successfully completing the eLearning component and the remote skills session, each person will receive an American Heart Association Basic Life Support card, **valid for two years**
