

Safe & Convenient Hands-On BLS CPR Recertification

Renew your BLS certification with hands-on remote CPR training. Demonstrate your skills to a live CPR instructor via a 2-way audio/video session (like zoom or facetime) on manikins that we send to your location.

This is NOT an online class. It is a remote class with hands-on training and a live instructor. The course is exactly the same as if you invited the instructor to your location.

You can be located anywhere. All you need is a computer, WIFI, and webcam.

- 1) Call (703)-528-7045 to schedule a class.
- 2) We send you manikins, bag mask, and AED simulator to use during the class.
- 3) During class a live CPR/First Aid instructor teaches a CPR class via a 2-way video-audio call (like Skype, Zoom or Facetime) and you will demonstrate skills on the manikins that we sent you.
- 4) Upon successful completion of the remote course you will receive a BLS CPR certificate valid for 2 years.

After successfully completing the eLearning component and the remote skills session, you will receive a ProTrainings BLS card, **valid for two years**
